

Evaluation form - Internship at TAF- The Animal Fund

- Name: Jade Mouton
- University: Sciences Po Paris, Campus de Menton
- Period of Internship: 6 months
September 2019 - April 2020
- Hours of Internship: 51 hours
- Tasks given: Planning and executing TAF events such as the Menton beach cleanup, working on education materials (games, videos, etc.)
- Tasks completed: all of the above
- What did you like the most about your internship:
I really enjoyed working with the rest of the TAF team alongside other Sciences Po interns, everyone was really nice, and the team ambience made every task fun.
- Did your internship live up to your expectations?
Yes, absolutely. I felt I was participating in meaningful work but also had a lot of fun on every task!
- Can you recommend others to apply to TAF?
Absolutely, I especially recommend ^{it} to all Menton Students who have the opportunity to work with the Animal Fund.

- Which skills did you learn? I learned a lot about event planning, how to approach businesses asking for materials & donations, how to ensure people will attend the event etc. I also learned a lot about education strategies used to raise awareness.
- Can your internship and what you learned be of use for you in the

future? Yes, especially the parts about event planning and logistics skills which are useful in just about any job.

- Other comments:

Thank you TAF for giving me the opportunity to work with you this year! I really enjoyed and got a lot out of this internship, best wishes for the future!
