- What did you like the most about your internship?
 - Field work, working with kids, academic work
- Did your internship live up to your expectations?
 - Absolutely! I think it was a very fulfilling experience and it lived up to me expectations with regards to the activities I would be involved in.

- Can you recommend others to apply to TAF?
 - I already did! I have recommended TAF to several 1A sciences Po students that are looking to either engage in the environment or looking to find a parcours civique in the subject area of the environment.

- Which skills did you learn?
 - Greater oral skills in French, presentational and academic skills (skills with regards to research and organization)

- Can your internship and what you learned be of use for you in the future?
 - I think oral and presentational skills are skills I will constantly be using during my studies at school, and environmental information I learned will be vital in the field work I am looking to

get into: politics, where I will have the power to protect our oceans, whales and dolphins from captivity and overkilling.
