

Evaluation form - Internship at TAF- The Animal Fund

Name: Lena Westlund

University: Sciences Po Menton

Period of Internship: January 1st to April 30th

Hours of Internship : Approximately 60 hours

Tasks given : Helping out at schools, making PowerPoints and making booklets.

Tasks completed : Helping out at schools, making PowerPoints and making booklets.

What did you like the most about your internship:

I really enjoyed how much I was able to learn through this internship and working face to face with others to teach them what I had learned.

Did your internship live up to your expectations?

Yes working with Berit was very fulfilling.

Can you recommend others to apply to TAF?

I would definitely recommend TAF to any of my friends looking to volunteer with an environmental organization.

Which skills did you learn?

I learned how to teach children about the ocean in a fun and informative way and I learned how to make informational booklets. I also learned all about whales and why they are so important to us and the earth.

Can your internship and what you learned be of use for you in the future?

I want to go into the environmental field in my future and the skills and information I learned at TAF will definitely be useful.

Other comments:

Thank you again Berit I really enjoyed working with you and I hope to see you in New York.
