

Evaluation form - Internship at TAF- The Animal Fund

Name:	SASKIA STOCK
University:	SCIENCES PO MENTON
Period of Internship:	September 2024 - May 2025
Hours of Internship :	62 hours
Tasks given :	Whale Watching Report ESG Shipping Report Conferences Schools visits
Tasks completed :	" "
What did you like the most about your internship:	I enjoyed the opportunity to understand the inner workings of an NGO fighting for ocean conservation. I learnt a lot whilst writing the two reports, which I will be able to use in my future studies.
Did your internship live up to your expectations?	Yes, absolutely.. I only regret that I was not able to do more, due to the workload at Sciences Po.
Can you recommend others to apply to TAF?	Yes!

Which skills did you learn?

I learnt better researching skills, time management, networking, and how to interact with children to educate them on environmental issues.

Can your internship and what you learned be of use for you in the future?

Definitely. It will be very useful for my ocean-focused classes at university.

Other comments:

Thank you very much to Berit for making this experience so wonderful!
