I really love what TAF stands for and the work that they do so my favorite part was helping in a small way to help achieve the goals. More specifically I really enjoyed speaking at the school.

Did your internship live up to your expectations?

Yes

What skills did you learn?

I learned about how to tailor the same message to different people, whether its donors, inviting people to events or speaking with children.

Can your internship and what you learned be of use for you in the future?

Yes, I want to work in production so getting a behind the scenes look at how TAF functions was really interesting and helpful.

Can you recommend others to apply to TAF?

Yes, I have already had some students in the year below me ask about working at TAF.

Other comments?

THANK YOU!
